CDC Kicks Off National Travelers' Health Public Awareness Campaign

Effort Aims to Educate Travelers about H1N1

Every holiday season, millions of Americans travel through the nation's airports, seaports, and train stations to spend time with loved ones. Special holiday get-togethers – and traveling itself – bring people close together but also provide an ideal way for illness to spread. To help travelers avoid the flu this holiday season, the Centers for Disease Control and Prevention today launched its largest ever public awareness campaign about staying healthy while traveling. To read what you can do to keep healthy please go to <http://www.cdc.gov/media/pressrel/2009/r091119b.htm>

10 Smart Routes to Bicycle Safety

These ten tips for bicycle safety are intended for use by children, parents, and the general public. REMINDER

It is Membership Renewal Time! We look forward to serving our members in the next year. If you or your organization is interested in joining **GRHA**, please visit our website: <http://www.grhainfo.org> and click on the membership tab and then click join **GRHA**. **GRHA** promotes rural health needs as a specific concern in our state, advocates for rural healthcare issues, and encourages the development of appropriate healthcare for the citizens of rural Georgia.

Change is coming to rural America; join us where it starts

Change has come to Washington, but our work goes on. Join us for the 21st Annual NRHA and Partners Rural Health Policy Institute Jan. 25-27 in Washington, D.C. Don't miss this opportunity to meet with key congressional members, members of the Obama Administration and national health care experts to learn how you will be impacted by health reform and how to help ensure health reform works for rural patients and providers.
