~1.5 million adults in Georgia don't fill prescription drugs due to cost, which is:

1 IN 4 GEORGIANS

# Rising costs affect insured and uninsured people alike

Even with insurance, one medication costs [Elaine](#) over \$150/month.

[Maria](#) doesn't have insurance but is working and going to school. Her medications costs \$200/month.

Good Pill is a nonprofit pharmacy that fills prescriptions for patients with high medication costs.

We operate with **surplus medicine** under Georgia's drug repository program & **deliver to patients' homes**.

Most medications are **\$6 per 90-day supply**.

[Organization Donation](#) [Individual Donation](#) [Sign Up](#) [Sign In](#) 

# Reimagining access for those in need

**SIRUM** drives the future of healthcare by connecting  
people with surplus medications.

[Contact Us](#)

# \$5B+ of medicine currently goes to waste

Pharmacies and manufacturers  
that keep safety stocks

Health facilities like nursing homes  
with medication left over

# SIRUM recycles unused drugs

SIRUM sends boxes with prepaid shipping.

Donors put the medicine in the box.

SIRUM turns destruction records into donation records.

And gets the right meds to the right people.

---

Medicine goes directly from donors to safety-net clinics and charitable pharmacies.

During the 2015-16 session, the Georgia state legislature passed HB 897 to establish the state's Donated Drug Repository.

Donated Drug Repository Program

The Donated Drug Repository Program is intended to encourage the donation of unused drugs to healthcare facilities and professionals in the private sector for the purpose of dispensing them to needy individuals.

The Department of Public Health does not accept or dispense donated drugs. That is done entirely by healthcare facilities and professionals who participate in the program. The role of the Department is to establish regulations to be followed for those who wish to participate. Those regulations can be found [here](#).

Who can donate drugs to the program?

Anyone can donate drugs to the program!

What kind of drugs may be donated?

Both prescription and over-the-counter drugs are eligible to be donated, so long as they are in unopened tamper-evidence packaging and will not
